## **FY 2010 - Electronic Transfer Records**

The following tables represent a summary of the electronic records transferred to the courts or transferred to another government agency for the fiscal year July 1, 2009 through June 30, 2010. Below is an explanation of each of the items provided.

### **Table 73 - Criminal History, Traffic, NICS and Protection Order Electronic Transfers**

Electronic Criminal History Charge Disposition\* reports all felony and select misdemeanor and ordinance charge dispositions, sentencing, and changes in criminal sentences entered to the Missouri State Highway Patrol (MSHP) Criminal Records Repository. If at least one charge associated to a case meets the criteria for reporting, all charges on the case will have an electronic record produced. Disposition records are extracted for only those cases that have an Offense Cycle Number (OCN) associated to the case. If a case meets the criteria for reporting but does not have an OCN associated, the charge errors to the courts Electronic Reporting Problem Log. Criminal history information reports weekly.

Electronic Traffic reports all traffic dispositions including Records of Conviction (ROC), all traffic charges with dispositions on tickets written by county and MSHP law enforcement; felony and misdemeanor traffic charges with sentences (e.g., driving while intoxicated, vehicular manslaughter, etc.); municipal ordinances tried in the circuit or associate court or cases where the associate judge is a municipal judge; bond forfeitures; sentences on felony, misdemeanor and ordinance violations in which the defendant operated a vehicle in the commission of the violation; not guilty and suspended imposition of sentence (SIS) traffic dispositions involving alcohol and substance abuse; amended ROCs in which specific data was updated or corrected by the court; and municipal courts using JIS. Records are sent daily, with the exception of weekends and holidays, to Department of Revenue (DOR) and the MSHP Driving While Intoxicated Tracking System (DWITS).

National Instant Criminal Background Check System (NICS) reports records regarding persons meeting the federal firearms prohibition to the Criminal Records Repository which is then reported to the NICS Index. The process reports information on criminal dispositions of not guilty by reason of mental disease and when the defendant is found not competent to proceed, mental health cases in which a respondent is involuntarily committed to the Department of Mental Health, probate case information in which the respondent is adjudicated as being fully incapacitated or fully disabled and limited incapacity or limited disability when the court has specifically ordered the federal firearms prohibition. Records are reported each Monday and Thursday, including state holidays.

The electronic transfer of Adult Abuse/Stalking Orders of Protection was developed from a Violence Against Women Act grant. Law Enforcement receives order information directly from the courts and the information is transferred immediately upon entry by the court. Orders electronically entered provide law enforcement officers throughout the state of Missouri immediate access to information related to the order issued. This provides officers with the information they need to better assist victims and offers better safety to the officers. The electronic transfer process includes all processes affecting Orders of Protection to Law Enforcement including Ex Partes, Full Orders of Protection, Modifications, Service and Extensions.

All of the data depicted in this table represents the number of records transferred to the respective government agency. However, it should be noted for Criminal History, Traffic and Orders of Protection, the data depicts the total number of records transferred and not the number of cases. For example, one criminal case containing five charges with probation, probation suspended and probation reinstated may report 15-20 records to Criminal History.

### **Table 74 - PA, FCC and MSHP Electronic Transfers**

This data represents records electronically transmitted to the court from the county prosecutor (Criminal Initial Filing Import (PA Transfer)), Fine Collection Center (FCC) or Missouri State Highway Patrol (MSHP). Criminal Initial Filing Import (PA Transfer) enhances the ability for a court to quickly and accurately accept an initial case filing (case, party, and charge detail information) transmitted by a Circuit or Prosecuting Attorney to the court. FCC Transfer allows the Fine Collection Center to transfer a case to the appropriate court when the defendant pleads not guilty. MSHP Transfer streamlines the entry of state traffic tickets in the courts. These charges are typically more serious offenses that can not be processed through the FCC. This will also avoid duplication of cases transferred.

All of the data depicted in this table represents the number of records transferred to the court but not necessarily the number of cases accepted through the respective process by the court. If court practice requires manual initiation of a case before electronic transfer can be accomplished, the electronic transfer of the record may not be accepted by the court. Any record not electronically accepted within 90 days of transfer is automatically deleted by the system.

\*Criminal History enhancements were implemented in pilot court locations in November 2009, with incremental statewide deployment beginning after FY2010.

## FY 2010- Disbursements Data

The tables in this section present an accounting of disbursements for each county for the fiscal year July 1, 2009 through June 30, 2010.

The disbursements are reported in four tables based on the recipient. The tables are titled as follows:

Table 78 - Disbursements to State

Table 79 - Disbursements to Counties

Table 80 - Disbursements to Municipalities

Table 81 - Disbursements to Other Recipients

### Disbursements v Receipts

Payments made to the courts do not always represent a payment of costs and fines but include bonds, other amounts on deposit with the courts, and garnishment amounts collected. Funds on deposit may eventually be applied to fines and costs or may be refunded to the party. The court disbursements more accurately reflect what the courts do with the money collected and how much went to specific costs and fines. Therefore, the court disbursements reflect a more accurate picture of the amounts collected for each state and county fund. The exclusions columns reflects amounts refunded to parties and amounts not used to pay costs and fines..

<sup>a</sup> This is the first year that OSCA's Division of Administration has supplied data for State Funded Operations. The 2009 amount has been approved by the State Courts Administrator and includes expenditures for programs that OSCA reimburses the counties such as drug courts, single county juvenile salaries, CCBC statutory salaries, domestic relations resolution fund expenditures, jury fees, and interpreter fees. All of these expenses may also be included in either the County Funded Personal Services or County Funded Operations.

\* Some funds only listed as for the circuit and not county specific.

^ This is the first year that OSCA's Division of Administration has supplied data for State Funded Operations. The 2009 amount has been approved by Greg Linhares and includes expenditures for programs that OSCA reimburses the counties such as drug courts, single county juvenile salaries, CCBC statutory salaries, domestic relations resolution fund expenditures, jury fees, and interpreter fees. All of these expenses may also be included in either the County Funded Personal Services or County Funded Operations.

# FY 2010 - Municipal Division Caseload

Municipal divisions in Missouri can operate within one of three basic structures pursuant to section 479.060 RSMo:

1. Municipal funded court facility with municipal judge(s) (either lawyer or non-lawyer) and municipal clerk(s).
2. Municipal funded clerk(s) with cases processed and managed by the clerk(s) but heard by a state funded associate judge.
3. Municipal cases filed and heard through the associate division, where the judge and the clerk(s) are funded by the state.

The data in this section are for municipal divisions which operate under the first and second types of structures. The municipal divisions reported monthly to OSCA using the Municipal Division Summary Reporting Form or using JIS.

Municipal divisions which operate under the third type of structure report data through the Justice Information System (JIS). "Ordinance" cases in the Circuit Court sections of this supplement.

Automated - Municipal divisions using an approved case management system that meets the guidelines for Court Operating Rules 1, 2 and 4.

Manual - Municipal divisions that are not using an approved automated system.

JIS - Municipal divisions using the Justice Information System (JIS)

# MISSOURI COURT OF APPEALS

## Missouri's 45 Judicial Circuits

## Definitions and Explanatory Notes

Note: Caseload figures contained in this publication are based on information provided to the Office of State Courts Administrator by the Supreme Court, Court of Appeals, and Circuit Courts. Population data was obtained from the United States Census Bureau website.

**Associate Civil Case:** Previously reported as Chapter 517. Civil cases heard under procedures outlined in Chapter 517, RSMo, 1986. Included are cases in which the amount in dispute does not exceed \$25,000; hardship driving; replevin; forcible entry and unlawful detainer; and landlord-tenant actions. Trials de novo, counted in the General Civil category, are permitted on cases where the amount in question is \$5,000 or less.

**Civil Case:** The unit of count is the petition. A single case may include multiple parties. Included in total civil cases are circuit civil, domestic relations, associate civil, and small claims cases.

**Criminal Case:** The unit of count is the complaint, information or indictment. A single case may include multiple charges. A case is not counted as disposed until all charges against all defendants have been disposed.

Included in total criminal cases are felonies, felony preliminaries, and misdemeanors. Traffic offenses are also a type of criminal case. Municipal and county ordinance cases, which are quasi-criminal matters, are included in some tables.

**Dispositions:** Cases which have been concluded at that court level. The court has acted on the case and has assigned a 'manner of disposition' or 'final disposition docket code' to the case and no further action is required. The case may be reopened at a later date or at a different court level as a supplemental filing. Disposition counts reported in this supplement include all cases that were disposed between July 1, 2009 and June 30, 2010.

**Disposition to Filing Ratio:** Compares the number of cases disposed with the number of cases filed during the year to give an indication of how well the court is keeping up with its workload. This ratio is calculated by dividing the number of cases disposed by the number of cases filed. A ratio of 1.00 indicates that the court filed and disposed the same number of cases. Ratios greater than 1.00 mean the court disposed more cases than were filed during the year, thus achieving a reduction in its pending caseload. Ratios less than 1.00 indicate that the court disposed fewer cases than were filed and experienced an increase in its pending caseload.

**Domestic Relations:** Includes dissolution of marriage; legal separation, annulment, separate maintenance; URESA; adult abuse; motions to modify; motions for contempt in domestic relations cases; change of name; contested actions involving administrative support orders of the Department of Social Services; child protection orders; paternity; writs of habeas corpus in child custody cases; registrations of foreign domestic relations judgments; and miscellaneous domestic relations cases.

**Felony:** Information or indictment alleging commission of a felony offense. Includes felony cases which were reduced to misdemeanors.

**Associate Felony:** Felony complaint. Previously reported as felony preliminary. If probable cause is found, the defendant is bound over for arraignment and trial. Includes felony complaints which were reduced to misdemeanors and disposed in the associate divisions.

**Filings:** Cases which have been initiated in the court system. Historically, 'to file' a paper meant to give it to the court clerk to include in the case record. Filings for fiscal 2009 are cases that were initiated between July 1, 2009 and June 30, 2010. These include supplemental filings.

**Fine Collection Center (FCC):** The Fine Collection Center processes certain traffic, watercraft, and conservation violations for courts in participating counties statewide. Missouri created the processing center to reduce the administrative burden on local court clerks and free up some of their time for other court duties. The FCC also offers uniform fines, producing a fairer system for people across the state. As courts volunteer to use this resource, they achieve additional benefits including better accountability and improved collection rates.

**Circuit Civil:** Previously reported as general civil. Among the specific actions included are civil cases involving amounts over \$25,000; Chapter 517, RSMo, and small claims trials de novo; administrative review cases; condemnations; extraordinary remedy cases, such as habeas corpus and injunctions; registrations of foreign judgment; tax actions; and motions for post conviction relief (Supreme Court Rules 24.035 and 29.15).

**Justice Information System (JIS):** JIS is an automated case management software designed by Affiliated Computer Services (ACS). This software was selected as the sole Missouri standard software and all state courts are now moving toward implementation as budget resources allow. As of June 30, 2008, all of the state circuit courts used the system.

**Juvenile:** During FY 2003, the definitions for filed, disposed, and pending were changed for juvenile cases. In addition to revising definitions, procedures on case processing for some courts using JIS were changed during FY 2003 to eliminate subcases or supplemental filings. As of May 2005, all JIS courts had upgraded JIS software and new procedures. For those counties using JIS, juvenile cases filed consisted of original filings plus MMOD (motions to modify) during the fiscal year. Dispositions did not include the dispositions of these supplemental filings. Counties not using JIS continued to report filings and supplementals directly to OSCA. Because of these changes, juvenile filing, disposition, and pending data for original petitions and supplementals had not been counted consistently across all courts in the state.

As of the end of FY 2007, all counties were using JIS for juvenile cases; therefore all juvenile data for FY 2010 were reported from JIS.

Juveniles are individuals under 17 years of age. The unit of count is the petition. More than one child, as well as multiple allegations may be included in one petition. However, for case management purposes, courts are encouraged to open separate files for each child for Abuse/Neglect, Termination of Parental Rights, Juvenile Delinquency and Status Offenses. Multiple children who are being adopted by a party should be counted as one case. Referrals to the juvenile officer or the juvenile court in which no petition is filed are not included. Additional petitions or motions to modify filed under an existing case number after a disposition has been rendered on the original petitions are supplemental filings. Cases are considered closed when the child is no longer under jurisdiction of the court. Cases are considered pending if the child is still under jurisdiction of the court. Because dispositions are no longer reported on supplemental filings, the disposed to filing ratio will not accurately reflect the actual case processing of the court.

**Mental Health Petition:** Petition for 21 days, 30 days, 90 days, 180 days or one-year involuntary detention, treatment or rehabilitation for a mental disorder or abuse of alcohol and/or drugs.

**Misdemeanor:** Complaint or information alleging commission of a misdemeanor offense. Includes cases originally filed in either the circuit or associate division of the Circuit Court. A request for jury trial may or may not result in the case being certified from the associate to the circuit division, depending on local practice. Non-traffic infractions and conservation/watercraft offenses are included in the misdemeanor count.

**Ordinance:** Municipal divisions in Missouri can operate within one of three basic structures pursuant to section 479.060 RSMo:

1. Municipal funded court facility with municipal judge(s) (either lawyer or non-lawyer) and municipal clerk(s).
2. Municipal funded clerk(s) with cases processed and managed by the clerk(s) but heard by a state funded associate judge.
3. Municipal cases filed and heard through the associate division, where the judge and the clerk(s) are funded by the state.

Municipal divisions which operate under the first and second types of structures report data to OSCA using the Municipal Division Summary Reporting Form or using JIS. These data can be found in the Municipal Division section of this annual report supplement.

Municipal divisions which operate under the third type of structure report data through the Justice Information System (JIS) or Statewide Judicial Information System (SWJIS). These data are reported as Ordinance cases in the Circuit Court sections of this report.

**Pending:** Pending case counts include all cases that have been filed but not yet disposed in a particular court. Criminal cases that have been disposed but still require sentencing are not included as pending cases. Pending end figures reported for one year may not equal the pending beginning figures for the next year due to pending audits conducted at the court. The pending case counts reported in this supplement refer to the number of cases pending as of June 30, 2010.

**Probate:** Total cases include decedents' estates; minors' guardianships and conservatorships; incapacitated/disabled persons' guardianships and conservatorships; mental health petitions; and sexual predator cases.

**Small Claims:** The jurisdictional limit is \$3,000. Gun permit and appeal cases are now included as small claim cases. Small claims trials de novo are General Civil cases. Petitioners may not file more than twelve cases in one year. Clerks of the court are required to assist petitioners in filing their cases.

**Statewide Judicial Information System (SWJIS):** The data collection system established in 1974 and maintained by the Office of State Courts Administrator used to collect caseload data from all circuit and associate divisions of the circuit court in Missouri. This system was no longer used at any location for FY 2010.

**Traffic:** Violations of state traffic laws. Does not include the more serious traffic violations, such as driving while intoxicated, leaving the scene of an accident or driving while license is suspended or revoked. These cases are reflected in the numbers of misdemeanors, felonies, and felony preliminary cases.
